External Payroll Export for Acumatica

If you're using an external payroll system, make sure that you're exporting all the records and avoid duplicate payments

Features

- Fully Integrated within Acumatica, available in the browser
- Simple implementation with minimal configuration and low learning curve
- Process Time or Expenses or both
- Track which records have been exported to your payroll system for processing
- Be alerted to changes in historical periods that need to be included

How it Works

Enter Payroll and/or Expense periods

Load Time and/or Expense Records

Export TE To Payroll ★   NOTES   FILES   CUSTOMIZATION   TOOLS
